Guidance for the compilation of the IOPP Supplement

1. Preamble

1.1 Form B Supplement to IOPP Certificate indicates the level of compliance of a tanker to Annex I to MARPOL 73/78.

1.2 In order to avoid misunderstandings of the different annotations seen by owners and Port State Control Officers for the worldwide fleet and consider that questions will likely intensify as greater focus is placed on checking the documentation, the following Table should be considered by the Surveyor when filling in the above mentioned Supplement.
