

MPC Regulation 14, Annex VI of MARPOL 73/78

82

(Sept
2005)

Regulation 14

Deleted Nov 2013.

This UI covered the interim period between the entry into force of Annex VI (19 May 2005) and the time at which the ship's first IAPP Cert would be issued in accordance with Reg. 6.

Although this UI would strictly be still be applicable to ships whose flag State only now ratify Annex VI – in which case the IAPP Cert. would again only need to be issued within the time period as given by Reg. 6 - in reality virtually all such ships will already need to be operating with some form of Statement of Compliance with Annex VI since the Annex is now an established requirement and hence will already need to comply as necessary when operating in the water's of signatory parties.
