- .1 the validity of the remaining Society's Class Certificate is subject:
 - i) for vessels less than 15 years of age^(Note 2), to completion by the remaining Society of all overdue conditions of class of the withdrawing Society at the first port of call at which surveys can be carried out and to completion by the remaining Society of all outstanding conditions of class of the withdrawing Society by the due date;
 - ii) for vessels of 15 years of age and over, to completion by the withdrawing Society of all overdue conditions of class and to completion by the remaining Society of all outstanding conditions of class of the withdrawing Society by the due date;
- .2 the Owner is to authorise remaining Society to request from withdrawing Society its current classification status;
- .3 principles given in item .1 above apply to any additional conditions of class issued against the vessel, which were not included in the initial survey status provided to the remaining Society by the withdrawing Society because they have arisen from the surveys carried out in close proximity to the request for withdrawal from class. Such additional conditions of class, if received after the issuance of the Interim Certificate of Class by the remaining Society and which are overdue, are to be dealt with at the first port of call at which surveys can be carried out by the relevant Society, depending on the age of the vessel.

D.1.2 The remaining Society is to obtain from the Owner a written confirmation of intention to withdraw from the other Society's class, containing an authorisation for remaining Society to obtain the current classification status from the Headquarters of the withdrawing Society or one of its designated control or management centres.

information provided by the Owner and, after complying with the other relevant requirements of this Procedural Requirement, may confirm the validity of its Class Certificate.

D.1.4 The remaining Society is to suspend the validity of its Class Certificate or other documents enabling the vessel to trade, if any overdue conditions of class previously issued against the subject vessel by the withdrawing Society have not been satisfactorily completed by the relevant Society, depending on the age of the vessel, at the first port of call where surveys can be carried out.

When repair facilities are not available in the first port of survey, a direct voyage to a repair port may be accepted to complete surveys for overdue conditions of class. In that case, the remaining Society is to inform the owner and withdrawing Society of the decision taken, e.g. direct voyage conditions agreed and port of repairs.

D.1.5 The validity of remaining Society's Class Certificate is subject to any outstanding conditions of class previously issued against the vessel by the withdrawing Society being completed by the due date and as specified by the withdrawing Society. Any outstanding conditions of class with their due dates are to be clearly stated on the:

- .1 class survey record if available on board; and

D.1.6 Within one (1) month from the completion of the survey, the remaining Society is to advise the withdrawing Society of the actions taken with dates and locations to satisfy each overdue condition of class, if any, issued against the subject vessel as specified to the Owner by the withdrawing Society. The report Form G in Annex 1, with Parts A and B duly completed is to be used. A list of dates, locations and actions taken to satisfy each overdue condition of class as specified to the Owner by the withdrawing Society is to be attached to the copy sent to the withdrawing Society.

Where no overdue items are provided by the withdrawing Society, this form with Parts A and B, duly completed, is to be sent to the withdrawing Society and to the TOC database within one (1) month from the date of sending Form L Part A.

When this additional information is received any conditions of class which are overdue are to be dealt with at the first port of call at which surveys can be carried out by the relevant Society, depending on the age of the vessel. If this is not accomplished, the Class Certificate is to be suspended immediately unless the Owner agrees to proceed directly, without further trading, to a suitable port where any overdue conditions of class are to be dealt with for completion.

D.1.8 The remaining Society is, within one (1) month of completion of a transfer of vessel into single class, to dispatch Form G in Annex 1, with its Parts A, B, B-1 (when applicable) and C duly completed, to the TOC database and to the withdrawing Society. In cases where the withdrawing Society has reported conditions of class on the vessel, the due dates of which are yet to come, the remaining Society is to provide to the withdrawing Society, together with the Form G, an itemised list of the actions taken with dates and locations and actions to be taken, to satisfy each condition of class.
