
No.11 IACS Procedure for Assigning Date of Build

(Rev.0
July 2009)
(Rev.1
Nov 2010)

The Class Certificate and the Society's Register of Ships shall indicate the **Date of Build** as defined below:

For New Construction

The year, month and date at which the new construction survey process is completed shall be specified as the "**Date of Build**".

Where there is substantial delay between completion of construction survey process and the ship commencing active service, the date of commissioning may be also specified.

After Modifications

After modifications are completed, the "**Date of Build**" shall remain assigned to the ship.

Where a complete replacement or addition of a major portion of the ship (see Footnote) is involved, the following shall apply:

- a. the "**Date of Build**" associated with each major portion of the ship shall be indicated where it has been agreed that the newer structure shall be on a different survey cycle;
- b. survey requirements shall be based on the "**Date of Build**" associated with each major portion of the ship;
- c. survey due dates may be aligned at the discretion of each Society.

Footnote:

For example, a major portion of the ship may include a complete forward or after section, a complete main cargo section (which may include a complete hold / tank of a cargo ship), a complete block of deck structure of a passenger ship or a structural modification of a single hull to a double hull ship.

Note:

1. This Procedural Requirement applies from 1 July 2009.
2. The changes introduced in Revision 1 of this PR are to be uniformly implemented from 1 January 2012.
